**MISSION STATEMENT**

The Frostburg State University Athletic Department endeavors to contribute to the total education of each individual student by providing a disciplined teaching/learning experience outside the classroom. The athletic program strives to provide an environment of healthy competition to assist in the development of well-rounded responsible citizens. The athletic experience seeks to foster the personal qualities of high ethical values, a competitive spirit, winning as part of a team, excelling individually, cooperation, self-discipline and self-esteem. Student-athletes may develop their athletic interest and potential through a variety of intercollegiate sports. They, along with other students, may continue to develop athletic interests through a variety of intramural or club sport activities, all of which are supported through the University budget.

**Nicole Bonvouloir**  
Head Coach

Nicole Bonvouloir enters her fifth season as the head field hockey coach at Frostburg State University. She has led the Bobcats to a combined 34-41 record in her four years.

After guiding a young Bobcat squad featuring 11 freshmen to a 7-9 finish in her debut season, Bonvouloir's team showed marked improvement in 2002, posting a 12-7 record and just missing out on a berth in the ECAC Tournament.

The 12 wins is the third-highest single-season total in school history, and other highlights included scoring a single-season school-record 56 goals, recording five shutouts, posting a 2-1 double-overtime win over NCAA Tournament participant Roanoke and setting a school-record with 13 goals in a shutout win over Washington & Jefferson. Six of FSU's seven losses came by two goals or less, including four by a single tally.

In her third year, the Bobcats finished 7-13 with another young squad featuring a combined 10 freshmen and sophomores. Ten losses came by two goals or less, including five by a single goal.

Last season, the Bobcats struggled to a 1-7 start with six of those losses coming by one goal. FSU would rebound, however, to win five straight, the longest winning streak under Bonvouloir. Frostburg State ended the season on a 2-5 skid that included a 5-2 setback to two-time national champion Salisbury.

Bonvouloir has also served as the head coach of the FSU women's lacrosse program since 2003. She has guided the Bobcats to a 17-15 overall mark. In her first season, she led FSU to a 10-5 record, its best finish since a 14-3 mark in 1992. Two Bobcats earned ECAC All-Star honors and IWLCA South Atlantic Team.

In her second season, Frostburg State finished 7-10 after opening the season 4-1. Senior Page Macey was named to the IWLCA All-Region First Team and became FSU's all-time leader with 192 goals.

A 2001 graduate of Division II Mercyhurst (Pa.) College with a bachelor of arts degree in biology, Bonvouloir was a four-year member of both the Laker field hockey and lacrosse teams. She was elected captain of the field hockey team both her junior and senior years and also served as captain of the lacrosse team as a senior.

As a senior defender on the field hockey team, Bonvouloir helped the Lakers to a 13-6-1 record and a top-10 Division II national ranking throughout the entire season. Six wins came via shutout, and the squad closed out the year with an 11-4 mark after a 2-2-1 start.

In lacrosse, Bonvouloir earned Intercollegiate Women's Lacrosse Coaches Association (IWLCA) First-Team All-America, IWLCA Division II Goalie of the Year and ECAC honorable mention honors as a senior. She helped the Lakers to 21-10 record in her final two seasons, including a school-record 11-5 finish and No. 6 final national ranking in 2001.

**Annie Sidorenko**  
Assistant Coach

Annie Sidorenko enters her first season as a graduate assistant coach for both the Frostburg State field hockey and lacrosse programs.

Sidorenko comes to FSU after a solid playing career at Division I Saint Francis University in Loretto, Pa.

Sidorenko was a four-year starter for the Red Flash field hockey team at both halfback and midfield and served as team captain as a senior. She played three years of lacrosse as well, starting in the midfield, on defense and in goal.

Sidorenko brings a wealth of coaching experience to FSU. She coached at the Lock Haven University and Wittenberg University field hockey camps and has served as director of Max Sports women's field hockey and lacrosse programs. She has also coached group lacrosse and summer leagues at Field Sports of Ohio and also served as director and coach for the Nike Lacrosse Camp this past summer.

Sidorenko graduated from Saint Francis this past May with a degree in political science with a focus in international studies. She also minored in Spanish and history. She spent a semester studying in Stirling, Scotland, during which time she coached the University of Stirling's men's lacrosse team.

Sidorenko is pursuing her master's degree in business at Frostburg State.

SENIORS TO LEAD WAY FOR BOBCATS IN 2005

With eight returning starters, the Frostburg State field hockey team is looking to improve on last year's 8-12 record under the guidance of fifth-year head coach Nicole Bonvouloir. After enduring some growing pains that came with a relatively young team, Bonvouloir will turn to four seniors — goalie Kristin Cousin (Edgewater, Md./South River), defender Bissy Armstrong (Perryville, Md./Perryville) and midfielders Tawni Buck (Perryville, Md./Perryville) and Heidi Zook (Elverson, Pa./Twin Valley) — to lead the way in 2005.

Cousin enters her final season in net as a two-time STX/National Field Hockey Coaches Association All-South Region All-American. Last season, she earned second-team honors after recording a 1.77 goals against average, 162 saves and two shutouts. She was a first-team pick in 2003 after posting a 2.04 goals against average, 144 saves and one shutout.

"Kristin is a very talented goalie who is among one of the best in our region," said Bonvouloir. "I have high expectations for her this season."

Armstrong, who enters her fourth year as a starter, has 13 defensive saves in her career and gives the Bobcats excellent experience on the defensive end.

"Bissy and Kristin have had three years of working together, and they'll be big for us in the back this year."

Buck and Zook also begin their fourth seasons in the starting lineup and will spark the Bobcat offensive attack. Buck led FSU with 16 of the team's 39 goals last season and added three assists, while Zook paced the squad with seven assists and added three goals a year ago.

"Both Tawni and Heidi bring a lot of experience in the midfield," said Bonvouloir. "We need Tawni to take charge of the offense, and everything will filter off of her, while Heidi does an excellent job of keying our transition from defense to offense."

Aiding in the midfield will be a host of players. Carly Cross (Odenton, Md./Arundel), Whitney Young (Arnold, Md./Broadneck), Mary McLemore (Baltimore, Md./Eastern Tech) and Michelle Frost (Jessup, Md./Hammond) are all sophomores who will be battling for time on the field.

Cross and Young saw action in six and four games, respectively, last year. They will be expecting to see more minutes as their experience builds. McLemore played in three games as a defender last season and moves to the midfield where she has shown solid improvement in the pre-season.

Frost is a likely starter at defensive midfielder opposite Zook. She has great knowledge of the game and has meshed well with the returning starters.

Freshman Aly Erickson (Annapolis, Md./Broadneck) could earn a starting role in the offensive midfield, while fellow freshmen Jillian Henson (Mt. Airy, Md./Linganore) and Laura Weimer (Baltimore, Md./Sparrows Point) will push for time as well.

Up front, Bonvouloir has the experience she is looking for in junior Amanda Griswold (Rockville, Md./Magruder) and sophomore Brittney Blystone (Mohnton, Pa./Governor Mifflin), who both started all 20 games last season.

Griswold was the second-leading scorer on the team a year ago with five goals and tied for second with 13 points, while Blystone scored two goals and added three assists.

"Amanda and Brittney are more experienced now and possess a lot of talent," Bonvouloir stated. "We're looking for the two of them to finish shots for us this season."

Griswold and Blystone will receive support on the front line from

Senior midfielder Tawni Buck has led the Bobcats in scoring in each of the last two seasons (10 goals, six assists, 26 points in 2003 and 16 goals, three assists, 35 points in 2004).

junior Jenni Brygider (Locust Grove, Va./Orange County), who started 10 of the 18 games in which she played last season. She had three goals and two assists as a freshman two years ago.

Junior Talia Warsaw (Ashton, Md./Sherwood), who played in 18 games with seven starts in 2004, and freshman Sarah Rutland (North Potomac, Md./Holy Cross) will add depth to the front line.

Joining Armstrong on the defensive line are junior Morgan Whalen (Milford, Del./Milford) and sophomore Brittany Russell (Washington, N.J./Warren Hills). Whalen started all 20 games last season, while Russell moves to the back after recording three goals and four assists in the midfield a year ago.

sophomore Allison MacKay (Stafford, Va./Colonial Forge), who played in 12 games in 2004, and freshman Sarah Sturgill (Baltimore, Md./Institute of Notre Dame) will bring added depth to the defensive unit.

iding in the net will be junior Jessica Bittingham (Pocomoke, Md./Pocomoke) and sophomores Amanda Runion (Leonardtown, Md./Leonardtown) and Rachael Babchuk (Annapolis, Md./Annapolis).

ittingham is a transfer from Salisbury who will be looking to earn some minutes. Runion saw action in two games and stopped all three shots she faced last season, while Babchuk is back after missing last year due to an injury.

his season, the Bobcats will face another tough schedule that includes two-time defending national champion Salisbury. Also on the slate are Juniata and Virginia Wesleyan, who were ranked 10th and 20th, respectively, in last year's final NFCA national poll.

Overall we are a stronger team with a deeper bench this year," said Bonvouloir. "Our overall skill is better than in the past, and I am looking forward to an exciting season."

**DR. CATHERINE R. GIRA - PRESIDENT**

Dr. Catherine R. Gira became the President of Frostburg State University on September 1, 1991. Prior to that, she served for nine years as Provost at the University of Baltimore. She also previously held the positions of Professor of English and Acting Dean of the College of Liberal Arts at that institution.

Dr. Gira has held leadership positions in numerous national and state professional associations, including the American Association of University Administrators (President, 1988-90); Federation of State Humanities Councils (Vice-Chair, 1993-94; National Secretary, 1991-93; member of the Board of Directors, 1991-94); Commission on Higher Education (Middle States Association Commissioner, 1994-present; member of the Executive Committee, 1997-present); American Council on Education Leadership Commission (1994-1996); Maryland Humanities Council (Chair, 1989-91; member, 1983-95) and the Maryland Association of Higher Education (President, 1986-87). She sits on several regional and national boards, including those of the Western Maryland Health System, the Rocky Gap Foundation, the Regional Education Service Agency, the Cumberland Theatre and the National Joint Military Intelligence College.

Dr. Gira earned a B.S. from California State College (Pa.), an M.Ed. and a master's in Liberal Arts from The Johns Hopkins University and a Ph.D. in Literature from the American University. She has been recognized as Woman of the Year by the Maryland Legislature (1993) and as one of Maryland's Top 100 Women (1996), and she was inducted into the Maryland women's Hall of Fame in 1997. She has also been formally honored for her role in regional economic development by the regional Tourism Association Board and by local media.

**ROGER BRUSZEWSKI - VICE PRESIDENT FOR ADMINISTRATION AND FINANCE**

Entering his 19th year with Frostburg State University is Roger Bruszewski, who has served as Vice President for Administration and Finance since 1995. Bruszewski is the chief financial officer and chief operating officer of the University and oversees a wide variety of the campus operations. In addition to his interactions with faculty, staff, students and alumni, he also serves as a liaison with numerous organizations including the Board of Regents, University System of Maryland Administration, corporate interest and local, state and federal agencies.

After joining Frostburg State as director of computing services in 1988, Bruszewski became Associate Vice President of Administrative and Computing Services one year later, a position he held until 1994 when he assumed the role of Vice President for Finance and Planning.

Prior to coming to FSU, Bruszewski served as chairman and associate professor of the business and commerce division at Daemen College in New York from 1984-88. During his tenure as the administrator for the accounting, business administration, business education, transportation and travel and public administration departments, enrollment increased 33 percent (reaching an all-time high), the accounting program received accreditation by the New York Board of Accountancy and successful fund raising efforts yielded a computer training facility for the transportation and travel program.

Additionally, Bruszewski served eight years at College Misericordia in Dallas, Pa., as chairman and assistant professor of the business department (1977-81) and director of administrative and computing services (1981-84). He also coached women's basketball (1978-80) and softball (1978-81) while at College Misericordia.

Bruszewski is a 1974 graduate of Plattsburgh State University of New York with a bachelor's in business administration. He earned his master's in business administration with a concentration in management from Youngstown State University in 1977 and holds an A.B.D. in educational administration and policy from the State University of New York at Buffalo.

**RALPH BREWER - DIRECTOR OF ATHLETICS**

Ralph L. Brewer was named Frostburg State's athletic director on July 1, 2003 after serving on an interim basis since August 2, 2000. Bobcat athletics have thrived under Brewer's direction. The number of corporate sponsors has increased, student-athlete retention rates and academics have improved and facilities have been upgraded, most notably with the construction of new soccer and softball fields and the installation of new message boards and scoreboards in Bobcat Arena.

Brewer is no stranger to Frostburg, having been a member of the FSU English Department since 1969. He recently served as chair of the department, and he continues to teach several classes throughout the year. A strong supporter of Bobcat athletics, he has been chair of the Athletic Advisory Committee and served as the university's faculty representative for both the NCAA and Allegheny Mountain Collegiate Conference steering committees. He was also a member of search committees for the head football coach and sports information director positions and served as President of the Atlantic Central Football Conference.

Brewer graduated from Austin Peay State College in Clarksville, Tenn., in 1967 with a bachelor's in English and taught at Clarksville High School from 1967-68. He then earned his master's in English from Austin Peay in 1969 before joining the FSU staff.

He has since served on numerous English department and University committees and task groups, including the President's Cabinet, the Senate Steering Committee and the Strategic Planning Task Group. Additionally, he has served as President of the Faculty Assembly (1980-81) and Chair of the Faculty Senate (1992-94).

WEIGHT ROOMS

The **Harold J. Cordts Physical Education Center** is a state-of-the-art facility for health and physical education classes, intramural and intercollegiate competition and general use by the university community. This complex features an Olympic-size swimming pool with separate diving well; courts for racquetball, handball and squash; two gymnasiums, including a 3,600-seat arena; a climbing wall; weight rooms; and a dance studio.

The Cordts Center is fully equipped for archery, tennis, track and field, volleyball, gymnastics, soccer and other athletic activities. Offices, classrooms, a training room, lockers and showers are also located in the complex. Outdoor facilities include tennis courts, playing fields and Bobcat Stadium with its track and field facilities and all-weather track. This past summer, FSU's excellent facilities were chosen by the Wooten Basketball Camp, the April Heinrichs Soccer School and the Ripken Baseball Camp.

DUNKLE QUAD

From an opening day enrollment of 57 students, Frostburg State University has grown to a present day enrollment of over 5,000 students. Its physical plant, once limited to a single building, Old Main, which housed classrooms and a library, has also grown to over 30 facilities including classroom buildings, residence halls, the Lewis J. Ort Library, the Harold J. Cordts Physical Education Center, the Lane Center, and the Performing Arts Center, situated on 255 beautiful acres.

Opened in 1902 as State Normal School No. 2, the University owes its existence to the tenacity of J. Benson Oder, editor of the Frostburg Mining Journal, and the citizens of Frostburg who, in spite of political barriers, raised funds and purchased the site on which the University is located.

Over the years, the name of the institution has reflected the changes in the scope of its educational mission. In 1935, the State Normal School No. 2 became the State Teachers College at Frostburg, a four-year college which offered a Bachelor of Science in Elementary Education. In 1963, the name became Frostburg State College, and finally in 1987, with the strong support of the local civic and business community, became Frostburg State University, an indication of its growing resources, diversity and excellence in educational opportunities for the region and the state.

In 1988, FSU became a constituent institution of the University System of Maryland, comprised of 11 of the state's 13 public institutions. Expanding to meet the educational

needs of the region, the FSU Center in Hagerstown was also established in 1988 to offer upper-level bachelor's degree coursework and graduate programs. The University also opened, in 1990, a permanent location for the Frederick MBA program.

Throughout its growth, the University has emphasized excellence in teaching. Over 80% of the full-time faculty hold Ph.D.s or terminal degrees from institutions that are among the most prestigious in the nation. Faculty scholarship has led to scholarly books, manuals and journals, as well as numerous articles and reviews. This excellence in faculty has resulted in superior results for students. FSU has been ranked first among its peers for the number of doctorates per 100 baccalaureate degrees awarded. In the same study, FSU was ranked second in the percentage of national, prestigious awards received by faculty. These have included Fulbrights and significant grants from the National Endowment for the Humanities, the National Endowment for the Arts and other national associations.

At the same time, the University has developed comparable excellence in academic programs, research, consulting, cultural and athletic events, and facilities. In recent years the campus has consistently received a superior rating, the highest state award given for facilities and maintenance. In addition, FSU was also recently ranked safest college campus in the state.

Today, the University's mission and services have expanded significantly. Over 400 full-time administrators and support staff, and more than 200 full-time faculty serve the educational needs of students who come not only from throughout the United States, but also the world. These students have a choice of 37 major programs of study leading to the Bachelor of Art, Bachelor of Science, Bachelor of Fine Arts and Bachelor of Technical and Professional Studies degrees as well as graduate degrees in applied ecology and conservation biology, business administration, counseling psychology, education, wildlife/fisheries biology, human performance, modern humanities, park and recreation resource management, teaching and applied computer science. In addition, 12 pre-professional programs are offered.

Frostburg State University continues its pursuit of excellence. It is a tradition which now spans over a century.

### FSU AT A GLANCE

- Average class size: 19
- 89% of classes have fewer than 30 students.
- 17:1 student/faculty ratio
- According to a recent survey, 97% of our graduates are employed. Over 83% are employed in the field of their choice.
- An undergraduate biology student discovered a new species of worm and presented his findings at the Russian Society of Nematologist Symposium in St. Petersburg.
- Among its peer institutions, FSU was ranked second for the number of national awards received by its faculty.
- The CBS hit comedy "Yes, Dear" has a character who has ties to FSU and often wears "Frostburg" T-shirts, thanks to Gregory Garcia, real-life FSU graduate and the show's executive producer.
- The fall 2000 entering freshmen class was the largest in FSU history and 10.2 percent larger than the previous year. The same class had an average SAT score that was 14 points higher than the previous year's average.
- FSU is a partner in the construction of a business and technology park on campus. This new park will provide opportunities for students to engage in research and internships with participating agencies.
- The pass rate of FSU graduates in Social Work licensure exams has been 100% for the past two years.
- Students from FSU's Society for the Advancement of Management chapter placed third nationally in case competition.
- FSU education graduates have typically had pass rates of 96%-98% on the National Teachers Exam.
